

REC'D FEB 08

DAN

THE CROWNED RIDGE WIND
PROJECTS ARE GOOD FOR OUR
COMMUNITY.

I live on a 240 acre farm in
Waverly Twp. 10 years ago I had
to see it off farm employment.
I'm hoping someday to get back
to making a living on my farm
again. We always had, and always
will have an abundance of wind.
I believe that wind energy will
not harm the environment as much
as CAFOs.

Sincerely,

Jim Lindner
