

REC'D FEB 09

THE CROWNED RIDGE WIND
PROJECTS ARE GOOD FOR OUR
COMMUNITY.

Non-polluting energy source
If landowners are in favor
and set-backs legal it
should be approved. Provides income
for farmers in "tough" market
times. Always plenty of
wind in S.D. Toured areas
of wind turbines by White, S.D.
Set-up looked fine in countryside

Sincerely,

Wm. Lindner
